Virtual or traditional field trip, Water play, and Food frenzy*				Wheels Day

*Calendar will be updated with day specific activities as they are finalized.

McMinnville Summer Day Camp Themes

Week 1: Up & Atom - A Week of Science and Space

A week of “out of this world” space and science. Experiment with water and solids as you make sticky slime, use microscopes to get up close and personal, and explore the science of traveling through space. Buckle your seat belts and adjust your safety goggles, this week is sure to be a blast.

Week 2: Kid Genius - Innovate and Create

Bring your creativity and imagination as we call on your inner genius. Flex your STEM muscles as you use Legos to build bridges, launch into the week designing catapults, and learn about circuits using safe circuit boards. This week is all about discovering your potential.

Week 3: Outdoor Oasis

Get your hands dirty in the garden while we make compost bins and do some planting. Gather natural materials to build mini nature houses and make beautiful art. Join us as we explore our local parks and outdoor surroundings.

Week 4: Oregon Explorers

From local parks to our very own Camp Namanu, Oregon state has so much to explore. Join us as we learn about our watersheds, how to identify native and invasive plant species, and what keeps “Oregon Weird”.

Week 5: Around the World in 5 Days

Pack your bags, Camp Fire is taking a trip around the world (without leaving program) in just five days! Create passports and document your travels in your journal as we venture off to Tanzania, Brazil, Fiji and more.

Week 6: Zoo to You - Animals, Insects, and Amphibians

From bugs and birds, amphibians and mammals, and myths and stories, Zoo to You brings the animal world to Camp Fire’s front door. Put the “why” in Wild and explore the wonderful world of all things animals.

Week 7: Legends of the Great Outdoors

Create maps for hiking the trails of unknown forests and design “Breath of the Wild” characters out of clay all while learning about the mysterious myths of Big Foot and Camp Fire’s very own Mr. Skriggleboggle.

Week 8: Operation Camp Fire - Mission Possible

Challenge yourself at the “laser”-ridden obstacle course, learn the art of secret codes, and work as a team to complete secret assignments. With Camp Fire and you, all missions are possible.
